Re: Request to assess quality or standard and safety of container made from plastic that qualities or standards have not been prescribed under the Notification of Ministry of Public Health (No. 295) B.E. 2548 Re: Qualities or standard for container made from plastic

To: Secretary General of Food and Drug Administration

Since I am.....on behalf of
Company/Partnership/Shop).....operate business
to produce food import food with premise license of production /import No.....
 manufacture container made from plastic import container made from plastic
 other please specify.....
intend to.....(manufacture/import/use)... container made from plastic type.....
.....

which such container made from plastic that qualities or standards have not been prescribed under the Notification of Ministry of Public Health (No. 295)B.E. 2548 Re: Qualities or standard for container made from plastic

by having information of plastic manufacturer as follows:

Name and address of material or plastic manufacturer.....
.....

Name and address of container molding manufacturer.....
.....

So evidence documents and information are submitted in accordance with form of quality or standard and safety of container made from plastic that qualities or standards have not been prescribed under the Notification of Ministry of Public Health (No. 295) B.E. 2548 Re: Qualities or standard for container made from plastic are enclosed with all details for supporting to request for the approval from the Food and Drug Administration for further consideration of its qualities or standards.

Form No. 1 name and information of plastics used for food container

Name and information of plastics used for food container	
Common Name	
Chemical name (IUPAC system)	
Synonyms	
CAS Registry Number	
Trade Name	
Chemical formula	
Chemical structure	
<p><i>Note</i></p> <p>1. If it is copolymer, type and ratio of monomer used in reaction shall be specified.</p> <p>2. If it is polymer blends, types and ratio of the blends shall be specified.</p> <p>3. If it is novel materials or plastics which chemical structure not be able to present, representative chemical structure can be presented instead; and number average molecular weight (M_n) and weight average molecular weight (M_w) shall be specified.</p>	
Molecular weight

Part 4 Additional explanation relevant to supplementing information for consideration of quality or standard and safety assessment of container made from plastic which quality or standards have not been prescribed under the Notification of Ministry of Public Health

1. Information of legislation, regulation to be referred: updated version of legislation, regulation or quality or standard requirements, which relevant to materials used to manufacture or food containers/food contact materials of a manufacturing country or of a country having reliable system of safety assessment presenting permission or approval for use of applying plastic to manufacture food containers or food contact materials such as EU or USA..

2. Test report of quality or standards in accordance with legislation, regulation or quality or standard requirements of a manufacturing country or referred country shall be original, validity not exceed 1 year from the reporting date which tested by agency or organization prescribed in the Announcement of the Food and Drug Administration regarding Prescribed government agency or institute for testing of food packaging, feeding bottles and milk containers for infants and young children, dated 26th October B.E 2558.

3. Other documents as necessary such as

3.1 Recognized and reliable technical recommendations from internationally recognized agency, organization or scientific body such as Codex Scientific committee, European Food Safety Authority (EFSA), Center for Food Safety and Applied Nutrition (CFSAN), or Food Standard Australia New Zealand (FSANZ), etc.

3.2 Peer-reviewed published articles that can be searched via reliable data base such as Elsevier (Science direct, Embase, Scopus), The Cochrane Library, Pubmed, BIOSIS, TOXNET, NAPRALERT, Thai-journal citation index centre or Food Safety Authority of foreign countries, etc.
